**acoustical** panels,  
**theater** design services,  
**acoustically-transparent** fabrics

Turn any room into a pleasant home entertainment environment with the best in sound and design. CINEAK acoustical design panels are your solution, along with CINEAK/TK LIVING design services and TK LIVING acoustically transparent fabrics. CINEAK design services provide a luxury, standardized home theater design package, based on the work and expertise of Theo Kalomirakis and Mitra Theaters. The room design can reflect distinct theater design styles, such as TRADITIONAL, ART DECO and CONTEMPORARY. Each design is adapted to the dimensions of the client's space and includes floor and ceiling plans, elevations, sightline study, column fabrication detail and integration of electronics, etc.

what's **new** at cineak**cosymo** seating

a new wave of modularly - built sectional sofa seating

- availability of different seating elements: one seater, wide seat, two-seater, end-seat with fixed armrest, middle armrests, chaise lounge beds, etc.
- unique diamond-stitched patterns
- exclusive wood veneers (ex. tiger-eye, piano black, maple burl, etc.)
- recessed, backlit table in armrest (marble or frosted glass)

**articulating headrest** now motorized

Most of CINEAK's theater seating products have an articulating headrest and now we offer this feature as a **MOTORIZED** option. That's right! At the push of a button the headrest moves forwards/backwards and can be adjusted to your desired viewing position. The push button is available in black or silver.
